We specialise in personalised, one-to-one tuition that supports academic excellence and personal growth. Every tutor in our network is carefully selected, highly qualified, and shares our belief that education should build both confidence and competence.

## OUR MISSION

To provide students with exceptional academic support while nurturing curiosity, confidence, and long-term learning skills.

## OUR REACH

- Based in London, working across the UK and with international partners
- Supporting students from primary to university level
- Trusted by families, schools, and educational agencies worldwide

THE GOOD SCHOOLS GUIDE SAYS:

A lot of these companies are not that serious about education – not exactly fly-by-night, but nowhere near as sincere and professional as Newman Tuition, who take an interest in how you educate people and really care about their clients.
